Up to 29'

Square tail • deck well
up to 32'9" on Mini
Deck

DECK HEIGHT (LOADED)
18"

@ 6" ground clearance •
12" on Mini Deck

- Grade 100 steel cuts tare weight for more payload
- Gooseneck connects on uneven ground
- Detach the neck from one position with a clear view of the shim arm
- Sealed air control box for longer component life
- Anti-dive gooseneck lug resists bending and misuse
- 47'11" overall length, 8'6" deck width

C550
55-TON TRIDEM

Booster options: **PC10 Pin-On Axle** • **V10 Booster**

C550 55-TON HYDRAULIC RGN

Premium QT100 steel and one of the longest deck wells on a 53' trailer, for versatile loads and fast turnarounds.

RATED CAPACITY
110,000 lb

In 12' with booster •
120,000 lb as quad

DECK LENGTH
26'10"

With 8' rear knuckle
trough • 52'11" OAL

DECK HEIGHT (LOADED)
18"

@ 6" ground clearance • 5
ride heights

- Optional 14 HP EFI power pack mounted on the neck
- Auto-ratchet shim arm with five settings
- Deep rear boom trough helps avoid over-height permits
- Scraper neck lets equipment load farther forward
- 88" or 110" swing gooseneck, 136" extension available
- Deck widths of 8'6", 9', 9'6" and 10'
